Day 1

Saturday 23rd June

Hotel Filoxenia

Very hot and sunny, 32°C

After a very early start we took off on time to Athens. On arrival we collected our bags and vehicle and set off. After 2 and ½ hours we stopped at Xylocastro for a late lunch and refreshment break, we enjoyed the heat and food looking out over the Gulf of Corinth appreciating the sun and clear seas. The last hour and a bit of the drive to the hotel was slow up the mountain but a brief cherry stop was welcomed and they tasted lovely.

We arrived at the Filoxenia Hotel at 5.20pm and once our bags were in our rooms we were off at 5.30pm for a quick leg stretch down by the river, mainly checking the flowering brambles for butterflies. We were not disappointed as we saw a good number of Grecian Coppers, the odd Sooty Copper, a few Eastern Bath Whites and a Great-banded Grayling. We returned to the hotel to freshen up before going out at 7.30pm for a beer and supper...and then to bed.

19 species of butterflies

Day 2

Sunday 24th June

33°C Very hot and sunny

We set off at 9:00am for a whole day on Mount Chelmos. On the way up we were astonished by the enormous number of bee hives lining every available patch of roadside and track. We kept our eyes peeled as we saw the first of many Great-banded Graylings flying across the road. As we kept climbing the temperature dropped which was to be a relief later in the day. The first stop was at the car park of the ski resort, here we ventured out to find the main butterflies of the day, Silver-studded Blues and Chapman's Blues - these were by far the most numerous butterflies on the mountain this year. In the dry stream bed were a few Glanville Fritillaries, our first Greek Clouded Yellows and a Queen-of-Spain Fritillary. We headed off to find leaky water troughs, passing several Red-backed Shrikes on the way and hearing Woodlarks, Corn Buntings and Tree Pipits. The first trough held numerous blues, but also a Mountain Small White and Olive Skipper. We had our first very typical very brief fly-by Camberwell Beauty and we caught a Clouded Apollo which was really nice to see so closely.

Off to the bus we set off to find more leaky water troughs, here there were plenty of blues and after some patient searching a Chelmos Blue appeared, luckily everyone was able to get a good view and some photos. As the day was heating up we set off for a bit of shade and a good view with our great lunch. All was rather beautiful looking towards Mount Chelmos in the cool and gentle breeze. A few more searches for various butterflies produced good numbers of Greek Clouded Yellows and more Clouded Apollos.

We drove slowly down the slopes to Kalavrita finding good nectaring plants on the way down, with several Grecian Coppers and a very obliging Camberwell Beauty, it even held its wings open occasionally, this made a change from all the darting ones we had seen during the day. A few more brief stops on the way down gave us good numbers of Ilex Hairstreaks on the *Micromera gracea* and a delightful family of Crag Martins just fledged and looking very cute. The odd Rock Bunting was seen from the top of Chelmos down to Kalavrita. The last stop of the day took us to some flowering brambles where a Cardinal put in a brief appearance as did a Ripart's Anomalous Blue. We then decided a beer was needed...we were correct as it slipped down nicely. Supper in town was had, and then bed.

48 species of butterfly

Day 3

Monday 25th June

Very hot, humid and sunny, 34°C

Today we set off for Amblo Kampos plateau, only 20 minutes from Kalavrita. Along the way we encountered the usual abundance of Great-banded Graylings on our way to the leaky water trough. As we arrived there were numerous Cirl Buntings drinking, they quickly moved off as we all started our searches. A slow wander over the flowering meadow produced numerous blues mostly Common and Chapman's then Peta found a Ripart's Anomalous Blue, the first that the whole group was able to enjoy.

We continued further down the track to find good numbers of Cleopatras, Brimstones and eventually a couple of Powdered Brimstones. The fields were full of fabulous arable weeds with Corn Buttercup, *Anchusa azurea* and *Consolida regalis* the dominant flowers. Several *Verbascum* were covered in a large green pollen beetle, sheltering on the shady side of the flower spikes. Two different enormous Ant-lions were seen along this walk along with three species of Hairstreak. After this amble we moved onto the track. Here, after passing a Lesser-grey Shrike and numerous bee hives we arrived at a track. It was very hot along this walk and we started to find good species quickly, with the best being a brief Grecian Anomalous Blue, an Escher's Blue and a Blue-spot Hairstreak (accompanied by an Eastern Bonelli's Warbler calling from the trees and a couple of Long-legged Buzzards called from the hillside).

Fading in the heat we retreated to the shade of the river spot. Once in place we had a search along the river margin, enjoying the shade of the Oriental Planes and the cooling sound of the river. Soon an Anomalous Blue was seen on the damp sand by the fast flowing river. Not long after a very obliging Nettle-tree Butterfly took its place on the stream side. Once lunch was laid out every one found a good seat looking over the river enjoying the serenity of this beautiful spot. After lunch more goodies were found with Lesser Fiery Copper and there were numerous Purple Hairstreaks in the Plane trees.

As we were hot, we treated ourselves to an ice cold drink at Planiterio (the source of the Areaonios River) very welcoming in the shade, afterwards we enjoyed the Lattice Browns, Balkan Grayling, and Commas. The Golden-ringed Dragonflies almost behaved but not enough for a photo. Nuthatches and Grey Wagtails were the obvious birds around the trees here. We wandered up the road finding Silver-washed Fritillary and a nice Swallowtail, all well photographed.

Our final spot was up the valley a bit further, on arriving at the stream we had some Amanda's Blues, Tree Grayling and further up our first Meleager's Blue. With fabulous views and flowery meadows it was a fitting near-end to the day. One last stop at the water trough produced nothing but as the thunder clouds were building a beer beckoned back in Kalavrita. Supper of moussaka and then a few after-dinner handfuls of White Mulberry's from the town square.

A fabulous day with 48 species of butterfly seen..

Day 4

Tuesday 26th June

Hot and very sunny 33°C

A great early morning walk along the river edge produced a wealth of birds and dragonflies, with Water Rail, Nightingales with young, good numbers of Great Reed Warblers, four Black-headed Buntings, several Middle spotted Woodpeckers, an Eastern Orphean Warbler and a female Collared Flycatcher. A good start to the day before we set off up to the top of Mount Chelmos again...

We found very little at the first water trough except a well-timed visit of goats. On to the craggy limestone area where a Rock Grayling was added to the list, there were large numbers of blues but not our chosen prey (the Odd-spot Blue). Numerous Rock Buntings were seen around the boulders and at least four Sombre Tits were being very territorial in the Greek Firs. After this we set off to the other leaky trough, again we found a goat herd and this time there was much less to see, as all was rather goat disturbed, but there were at least four Chelmos Blues to enjoy plus several dragonflies and the ubiquitous Red-backed Shrikes in the scrub. A rather too attentive dog made us move our lunch location to the ski centre. With a fabulous background we enjoyed our last time on the mountain, soaking up the cool air before our descent.

Once down in the Kalavrita Valley we followed a contouring trail through some mid-level garigue. Numerous butterflies were around with Great Sooty Satyrs and a rare Bavius Blue found by Guy. We were wilting somewhat (again) at this time and headed for the bramble patch, not to be disappointed we notched up four copper species, Lattice Brown, Silver-washed Fritillary and a well behaved Swallowtail. A brief Hoopoe was seen flying off along the track which gave us a fitting end to a great day. Beer and then food ended the day.

56 species of butterflies!

Day 5

Wednesday 27th June

Transfer day 35°C

Today started with an early morning walk down to the river.

A beautiful morning started with hearing Nightingales and the Great Reed Warblers warming up their voices in the reed and scrub, we then startled a Water Rail which crashed in to the reeds. Not long into the walk we came across a fresh looking Penduline Tit nest, so stunning and well made, this was only bettered when an adult came back and went in. A perfect start to any day! All along the river there were Cetti's Warblers, Great Reed Warblers and a mixed party of very obliging young Whitethroats and Nightingales which all showed very well, the odd Hoopoe, several Middle-spotted Woodpeckers and watching the insects warming up was a lovely way to spend an hour before our drive.

The drive was about three hours going over the magnificent bridge. A quick walk along a headland revealed only that it was really hot in the midday sun except with nothing to see other than the enormous spiders and a Long-legged Buzzard. Shade and food was required so off to Galaxidi. The restaurant served us well with a beautiful view out over the harbour. We went in search for the Freyer's Graylings and found several, some of us then set off towards the beach, where a few of us had a swim and then wandered around the scrub, with little more than a couple of Lesser Kestrels and some Crested Larks.

Our hotel at Delphi wasn't far from here so we set off the half hour up the hill. Once we were all settled into our rooms we took a walk to the nearby meadows, Balkan Marbled Whites and a few Eastern Bath Whites, then we turned up a typically flighty Grass Jewel, difficult to follow in the heat as it was very active. Further on we were shouted at by the numerous Western Rock Nuthatches and watched several Woodchat Shrikes. The views across to the sea were magnificent and so were the two Southern Comma's sunning themselves in the evening warmth. We turned round in the growing wind and headed for a bar for a cool beer overlooking the view. Supper across the road was very good.

19 species of butterfly

Day 6

Thursday 28th June

Very hot mostly sunny with some clouds that went later in the afternoon 32°C

Today was an action packed day up Mount Parnassus, the early morning walk took us back to the meadows with the sun coming up behind the hills and the cool of the morning very welcoming. Woodchat Shrikes were scattered around the scrub as were a family of Sardinian Warblers, very few butterflies but there were some very large grasshoppers and a Red Fox wandering the garigue below us.

After breakfast we headed up the mountain, stopping on a grassy slope to see what the new areas would produce. Black Sooty Satyrs were the most numerous butterflies here with a cast of White-banded Grayling, a Bavius Blue, a female Meleager's Blue, and numerous Common Blues. Black-eared Wheatears and Woodchat Shrikes were fairly common birds around here too. We then made our way up the slopes of the mountain to the sheltered valley where the ephemeral pool had dried up with the few froglets living in the cracked mud. Butterflies were well scattered around here with lots of Silver-washed, Dark Green and Queen of Spain Fritillaries. Nice patches of Red Helleborine too.

Next was lunch by a leaky water trough (for a change), here there were numerous Grecian Coppers, Eastern Bath Whites and a goat herd.

After the goats had gone and lunch eaten, we went back to the trough to see what had returned, a popular spot with butterflies with Grecian Anomalous Blue the star of a wide cast. The troughs held a Yellow-bellied Toad. With the clouds burning off we moved up the mountain to the ski slopes, the aim being Blue Argus, they were found within seconds of arriving, they were all across the slope we were searching, difficult to photo as they were preoccupied with breeding. Also there were two Balkan Coppers, Meleager's Blue, and another Southern Comma. Alpine Choughs were calling from the rocky slopes as were the Black Redstarts and Tawny Pipits.

From here we moved onto our last spot for the day along the track above Arachova, hot and initially steep we ended up seeing a wide selection of butterflies here including Easton Baton Blue and numerous Zephyr Blues. A late end to a full day didn't give us much time to have a drink...so we had freshened up before supper and retreated for sleep.

61 species of butterfly

Day 7

Friday 29th June

Very hot and sunny 34°C

After breakfast we set off the short distance to the ancient site of Delphi. Wandering around this magnificent site was beautiful, lots of Rock Nuthatches, Black-eared Wheatears and some Blue Rock Thrushes. The butterflies were a bit thin on the ground but there were lots of Scarce Swallowtails, a Southern Comma, a Meleager's Blue, several Silver-washed Fritillaries and good numbers of Southern White Admirals.

After a refreshing cold orange juice at the café we moved onto our afternoon walking area. Once we arrived the group spread out as lunch was prepared, with numerous Southern White Admirals, Ripart's Anomalous Blues and a Southern Grayling spent some time trying to drink from Jon's cup which he then carefully left some out which was then as carefully ignored by the butterfly. A walk around the edge of the trees startled a Wild Cat which headed for the rocky undergrowth never to be seen again.

After lunch we slowly wandered up the valley to the col. Here there was a constant supply of different species of butterfly, with Grecian Grayling a new one for the trip, the view at the top was nice but the concave slope didn't give us the view we had hoped for so we ambled back down and took the other track to the further col. This walk gave us the required view with a less defined concave slope, with numerous Ripart's Anomalous Blues amongst the plethora of butterflies in this wild and tranquil area. Sated, we headed back to the hotel and some set off in search for more Grass Jewels, unfortunately none were seen. A good supper with a great view was had and then to bed.

46 species of butterfly

Day 8

Saturday 30th June

Hot and sunny 33°C.

Delphi to the airport

The late flight gave us an opportunity to try a few more sites today, so we searched for Iola's Blues, no luck, then off to the mountain for White-banded Grayling, no luck there either, though the views from the pass were truly stunning and a great way to spend some time, the slope around here had numerous butterflies and three displaying Long-legged Buzzards and a pair of calling Short-toed Eagles.

Once back at Delphi the group set off for the meadow slope in the hope of a Grass Jewel one last time, two were found though both were very brief as is typical for this minute species. We had lunch overlooking the view and set off to the airport. All checked in on time and ready to go home...

LATIN NAME

ENGLISH NAME

PTERIDOPHYTA

Ferns and Fern Allies

Equisetaceae

Horsetail Family

Equisetum arvense

Field Horsetail

Equisetum telmateia

Giant Horsetail

Dennstaediceae

Bracken Family

Pteridium aquilinum

Bracken

<i>LATIN NAME</i>	<i>ENGLISH NAME</i>
<i>Aspleniaceae</i>	Spleenwort Family
<i>Asplenium ceterach</i>	Rusty-back Fern
<i>Chelianthes fragrans</i>	
<i>Asplenium ruta-muraria</i>	
<i>Cystopteris fragilis</i>	
<i>Adiantum capillus-veneris</i>	Maidenhair Fern
 <i>GYMNOSPERMAE</i>	 CONIFERS
<i>Pinaceae</i>	Pine Family
<i>Abies cephalonica</i>	Greek fir
<i>Pinus pinea</i>	Umbrella Pine
<i>Pinus nigra</i>	Black Pine
 <i>Cupressaceae</i>	 Juniper Family
<i>Cupressus sempervirens</i>	Italian Cypress
<i>Juniperus oxycedrus</i>	Prickly Juniper
<i>Juniperus phoenicea</i>	Phoenicean Juniper
<i>Juniperus foetissima</i>	Stinking Juniper
<i>Juniperus excelsa</i>	Grecian Juniper
 <i>ANGIOSPERMAE</i>	 FLOWERING PLANTS
<i>Dicotyledones</i>	
<i>Salicaceae</i>	
<i>Salix alba</i>	White Willow
<i>Salix purpurea</i>	Purple Willow
<i>Salix caprea</i>	Goat Willow
 <i>Juglandaceae</i>	
<i>Juglans regalis</i>	Walnut
 <i>Corylaceae</i>	
<i>Corylus avellana</i>	Hazel
 <i>Fagaceae</i>	
<i>Quercus coccifera</i>	Kermes Oak
<i>Quercus ilex</i>	Holm Oak
<i>Quercus frainetto</i>	Hungarian Oak
 <i>Ulmaceae</i>	
<i>Ulmus glabra</i>	
 <i>Moraceae</i>	
<i>Morus nigra</i>	Common Mulberry
<i>Morus alba</i>	White Mulberry - very tasty.
<i>Ficus carica</i>	Fig
 <i>Urticaceae</i>	
<i>Urtica dioica</i>	Common Nettle
<i>Urtica dubia</i>	
<i>Parietaria officinalis</i>	Pellitory-of-the-wall

LATIN NAME	ENGLISH NAME
Santalaceae	
<i>Thesium humifusum</i> sp	Bastard Toadflax
Amaranthaceae	
<i>Amaranthus alba</i>	White Pigweed
<i>Amaranthus retroflexus</i>	Pigweed
<i>Amaranthus blitoides</i>	
Anacardiaceae	
<i>Pistacia lentiscus</i>	Sumach Family
<i>Pistacia terebinthus</i>	Mastic Tree
<i>Rhus coriaria</i>	Turpentine tree
	Sumach
Molluginaceae	
<i>Gallium verum</i>	Lady's Bedstraw
<i>Galium mollugo</i>	Hedge Bedstraw
<i>Galium rotundifolium</i>	
<i>Crucianella gracea</i>	
<i>Valantia hispida</i>	
Caryophyllaceae	
<i>Cerastium glomeratum</i>	Pink family
<i>Cerastium candidissimum</i>	Sticky Mouse-ear
<i>Minuartia stellata</i>	
<i>Saponaria bellidifolia</i>	
<i>Saponaria calabrica</i>	
<i>Petrorhagia illyrica</i>	
<i>Petrorhagia velutina</i>	
<i>Silene italica</i>	Italian Catchfly
<i>Silene congesta</i>	
<i>Silene vulgaris</i>	Bladder Champion
<i>Stellaria media</i>	Common Chickweed
<i>Dianthus giganteus</i>	
<i>Dianthus corymbosus</i>	
<i>Dianthus armeria</i>	Deptford Pink
<i>Dianthus serratifolius</i>	
<i>Dianthus deltoides</i>	Maiden Pink
Ranunculaceae	
<i>Helleborus cyclophyllus</i>	Buttercup Family
<i>Nigella damascena</i>	Greek Hellebore
<i>Consolida orientalis</i>	Love-in-a-mist
<i>Clematis flammula</i>	Larkspur
<i>Ranunculus bulbatus</i>	Fragrant Clematis
<i>Ranunculus arvensis</i>	
<i>Ranunculus ficaria</i>	Corn Buttercup
<i>Ranunculus psilostachys</i>	Lesser Celandine
<i>Ranunculus millefoliatus</i>	
<i>Ranunculus muricatus</i>	Rough-fruited Buttercup
Papaveraceae	
<i>Fumaria capreolata</i>	Poppy Family
<i>Fumaria officinalis</i>	Ramping Fumitory
<i>Papaver dubium</i>	Common Fumitory
	Long-headed Poppy

LATIN NAME	ENGLISH NAME
<i>Papaver rhoeas</i>	Common Poppy
<i>Papaver nigrotinctum</i>	
<i>Papaver setiferum</i>	
Capparidaceae	
<i>Capparis spinosa</i>	Caper
Cruciferae	
<i>Aethionema saxatile</i>	Burnt Candytuft
<i>Alysoides utricularia</i>	
<i>Ptilotrichium cylocarpum</i>	
<i>Aubrieta deltoidea</i>	Aubrieta
<i>Brassica cretica</i>	
<i>Biscutella didyma</i>	Biscutella
<i>Capsella bursa-pastoris</i>	Shepherd's Purse
<i>Cardaria draba</i>	Hoary Cress
<i>Cheiranthus cheiri</i>	Wallflower
<i>Crithmum maritimum</i>	Rock Samphire
<i>Clypeola jonthlaspi</i>	
<i>Eruca sativa</i>	Eruca
<i>Erucaria hispanica</i>	Spanish Mustard
<i>Fibigia clypeata</i>	
<i>Malcolmia flexuosa</i>	Sea Stock
<i>Malcolmia bicolor</i>	
<i>Matthiola incana ssp incana</i>	
<i>Mycelis muralis</i>	
<i>Sinapsis arvensis</i>	Charlock
<i>Sisymbrium officinale</i>	
<i>Thlaspi graecum</i>	
Crassulaceae	
<i>Sedum acre</i>	Biting Stonecrop
<i>Sedum tenuifolium</i>	
<i>Sedum album</i>	White Stonecrop
<i>Sedum rubens</i>	Reddish Stonecrop
Grossulariaceae	
<i>Ribes uva-crispa</i>	Gooseberry
Pittosporaceae	
<i>Pittosporum tobira</i>	Pittosporum Family
Plantanaceae	
<i>Platanus orientalis</i>	Oriental Plane
Rosaceae	
<i>Eriobotrya japonica</i>	Japanese Loquat
<i>Prunus dulcis</i>	Almond
<i>Prunus spinosa</i>	Sloe
<i>Prunus cocomilia</i>	
<i>Prunus prostrata</i>	
<i>Pyrus amygdaliformis</i>	Almond-leaved Pear
<i>Rubus sanctus</i>	Bramble
<i>Sarcopoterium spinosum</i>	Thorny Burnet
<i>Sanguisorba minor</i>	Salad Burnet

LATIN NAME	ENGLISH NAME
<i>Potentilla rupestris</i>	Rock Cinquefoil
<i>Potentilla speciosa</i>	
<i>Potentilla inclinata</i>	
<i>Crataegus pycnoloba</i> #	
<i>Crataegus heldrechii</i>	
Leguminosae	Pea Family
<i>Acacia dealbata</i>	
<i>Acacia cyanophylla</i>	
<i>Albizia julibrissin</i>	
<i>Anthyllis vulneraria</i>	Kidney Vetch
<i>Astragalus creticus</i>	
<i>Astragalus parnassi</i>	
<i>Astragalus hamosus</i>	
<i>Astragalus depressus</i>	
<i>Astragalus angustifolius</i>	
<i>Colutea arborescens</i>	Bladder Siena
<i>Calycotome villosa</i>	Hairy Thorny Broom
<i>Cercis siliquastrum</i>	Judas Tree
<i>Coronilla scorpioides</i>	Annual Scorpion Vetch
<i>Dorycnium pentaphyllum</i>	
<i>Genista acanthoclada</i>	Spiny Broom
<i>Hymenocarpus circinnatus</i>	Disc Trefoil
<i>Lathyrus grandiflora</i>	
<i>Lathyrus cicera</i>	
<i>Lathyrus clymenum</i>	
<i>Lathyrus ochrus</i>	
<i>Lathyrus setifolius</i>	
<i>Lathyrus sphaericus</i>	
<i>Medicago arabica</i>	Spotted Medick
<i>Medicago arborea</i>	Tree Medick
<i>Medicago lupulina</i>	Black Medick
<i>Medicago orbicularis</i>	Large Disc Medick
<i>Ononis spinosa</i>	
<i>Ononis viscosa</i>	
<i>Onobrychis caput-galli</i>	Cockscomb Sainfoin
<i>Psoralea bituminosa</i>	Pitch Trefoil
<i>Robinia pseudoacacia</i>	False Acacia
<i>Spartium junceum</i>	Spanish Broom
<i>Trifolium campestre</i>	Hop Trefoil
<i>Trifolium repens</i>	White Clover
<i>Trifolium scabrum</i>	
<i>Trifolium stellatum</i>	Starry Clover
<i>Trifolium tomentosum</i>	Woolly Clover
<i>Trifolium uniflorum</i>	
<i>Trigonella balansae</i>	
<i>Vicia craccasp stenophylla</i>	Tufted Vetch
<i>Vicia lutea</i>	Yellow Vetch
<i>Vicia sativa</i>	Common Vetch
<i>Vicia villosa</i>	Fodder Vetch
Geraniaceae	Geranium Family
<i>Erodium cicutarium</i>	Common Stork's-bill
<i>Erodium malacoides</i>	Soft Stork's-bill

LATIN NAME	ENGLISH NAME
<i>Geranium dissectum</i>	Cut-leaved Crane's-bill
<i>Geranium molle</i>	Dove's-foot Crane's-bill
<i>Geranium purpureum</i>	Little Robin
<i>Geranium rotundifolium</i>	Round-leaved Crane's-bill
<i>Geranium macrorrhizum</i>	
<i>Geranium tuberosum</i>	Tuberous Geranium
Zygophyllaceae	
<i>Tribulus terrestris</i>	Maltese Cross
Linaceae	
<i>Linum arboreum</i>	Flax Family
<i>Linum bienne</i>	Shrubby Flax
<i>Linum aroanium</i>	Pale Flax
Euphorbiaceae	
<i>Euphorbia dendroides</i>	Tree Spurge
<i>Euphorbia acanthothamnos</i>	Greek Spiny Spurge
<i>Euphorbia characias</i>	Large Mediterranean Spurge
<i>Euphorbia rigida</i>	Narrow-leaved Glaucous Spurge
<i>Euphorbia hernariifolia</i>	
Rutaceae	
<i>Citrus limon</i>	Rue Family
<i>Citrus sinensis</i>	Lemon
	Orange
Meliaceae	
<i>Melia azedarach</i>	Indian Bean Tree
Polygalaceae	
<i>Polygala venulosa</i>	Milk-wort Family
<i>Polygala subuniflora</i>	Eastern Milkwort
<i>Polygala supina</i>	
Anacardiaceae	
<i>Pistacia lenticus</i>	Mastic Tree
Aceraceae	
<i>Acer hyrcanum</i>	Maple Family
<i>Acer sempervivens</i>	Balkan Maple
Rhamnaceae	
<i>Rhamnus alternus</i>	Buckthorn Family
<i>Rhamnus alpinus</i>	Mediterranean Buckthorn
<i>Rhamnus saxatilis</i>	
Vitaceae	
<i>Vitis vinifera</i>	Vine
Malvaceae	
<i>Hibiscus rosa-sinensis</i>	Mallow Family
	Hibiscus

<i>LATIN NAME</i>	<i>ENGLISH NAME</i>
<i>Alcea pallida</i>	Eastern Holyhock
<i>Lavatera cretica</i>	Cretan Mallow
<i>Malva cretica</i>	
<i>Malva parviflora</i>	Least Mallow
<i>Malva sylvestris</i>	Common Mallow
<i>Thymelaeaceae</i>	Daphne Family
<i>Daphne oleoides</i>	
<i>Daphne sericea</i>	
<i>Hypericaceae</i>	
<i>Hypericum empetrifolium</i>	
<i>Hypericum rumeliacum</i>	
<i>Cistaceae</i>	Rockrose Family
<i>Cistus incana</i>	
<i>Cistus salvifolius</i>	
<i>Helianthemum nummularium</i>	
<i>Helianthemum apenninum</i>	
<i>Helianthemum canum</i>	
<i>Cucurbitaceae</i>	
<i>Ecballium elaterium</i>	Squirting Cucumber
<i>Cactaceae</i>	
<i>Opuntia ficus-indica</i>	Prickly Pear
<i>Umbelliferae</i>	Carrot Family
<i>Apium nodiflorum</i>	Fool's Water-cress
<i>Conium maculatum</i>	Hemlock
<i>Bupleurum lancifolium</i>	
<i>Daucus carota</i>	Wild Carrot
<i>Eryngium amethystinum</i>	
<i>Eryngium campestre</i>	Field Eryngo
<i>Eryngium creticum</i>	Small-headed Blue Eryngo
<i>Ferula communis</i>	Giant Fennel
<i>Foeniculum vulgare</i>	Fennel
<i>Opopanax chironium</i>	
<i>Scandix pecten-veneris</i>	Shepherd's Needle
<i>Scandix australis</i>	
<i>Smyrniium orphanidis</i>	
<i>Smyrniium perfoliatum</i>	Perfoliate Alexanders
<i>Tordylium apulum</i>	Tordylium
<i>Torilis leptophylla</i>	Upright Hedge-parsley
<i>Torilis purpurea</i>	
<i>Plumbaginaceae</i>	Thrift Family
<i>Acantholimon androsaceum</i>	Spiny Thrift
<i>Oleaceae</i>	Ash Family
<i>Fraxinus ornus</i>	Manna Ash
<i>Olea europaea</i>	Olive

LATIN NAME	ENGLISH NAME
Convolvulaceae	
<i>Ipomea purpurea</i>	Morning Glory
<i>Convolvulus althaeoides</i>	
<i>Convolvulus cantabrica</i>	
<i>Convolvulus boissieri ssp compactus</i>	
Boraginaceae	
<i>Alkanna graeca</i>	
<i>Anchusa officinalis</i>	
<i>Cerinthe major</i>	
<i>Cerinthe retorta</i>	
<i>Cynoglossum creticum</i>	Blue Hound's Tongue
<i>Echium italicum</i>	Pale Bugloss
<i>Echium vulgare</i>	Viper's Bugloss
<i>Helitropium europaeum</i>	Heliotrope
<i>Onosma frutescens</i>	
Verbenaceae	
<i>Verbena officinalis</i>	Vervain
<i>Vitex agnus-castus</i>	Chaste Tree
Labiatae	
<i>Ballota acetabulosa</i>	
<i>Ballota pseudodictamnus</i>	
<i>Lamium garganicum</i>	
<i>Marrubium cylleneum</i>	
<i>Marrubium velutinum</i>	
<i>Micromeria juliana</i>	Micromeria
<i>Micromeria nervosa</i>	
<i>Nepeta parassica</i>	
<i>Phlomis fruticosa</i>	Jerusalem Sage
<i>Phlomis lanata</i>	
<i>Phlomis samia</i>	
<i>Prasium majus</i>	Prasium
<i>Rosmarinus officinalis</i>	Rosemary
<i>Salvia fruticosa</i>	Three-leaved Sage
<i>Salvia sclarea</i>	Clary
<i>Salvia verbenacea</i>	Wild Clary
<i>Satureja thymbra</i>	
<i>Sideritis clandestina</i>	
<i>Sideritis curvidens</i>	
<i>Stachys cretica</i>	
<i>Stachys spinosa</i>	
<i>Stachys swainsonii</i>	
<i>Teucrium polium</i>	
<i>Thymus capitatus</i>	Shrubby Thyme
<i>Mentha sp</i>	
Solanaceae	
<i>Hyoscyamus albus</i>	Potato Family
<i>Nicotiana glauca</i>	White Henbane
<i>Solanum nigrum</i>	Shrub Tobacco
<i>Solanum nigrum</i>	Black Nightshade
<i>Datura stamonium</i>	Thorn-apple

LATIN NAME	ENGLISH NAME
Scrophulariaceae	Figwort Family
<i>Cymbalaria muralis</i>	Ivy-leaved Toadflax
<i>Misopates orontium</i>	Lesser Snapdragon
<i>Parentucellia latifolia</i>	Southern Bartsia
<i>Parentucellia viscosa</i>	Yellow Bartsia
<i>Scrophularia lucida</i>	
<i>Chaenorhinum minus</i>	
<i>Verbascum olympicum</i>	
<i>Verbascum sinuatum</i>	
<i>Verbascum delphicum</i>	
<i>Veronica anagallis-aquatica</i>	Blue Water Speedwell
<i>Veronica cymbalaria</i>	Cymbalaria-leaved Speedwell
<i>Veronica hederifolia</i>	Ivy-leaved Speedwell
<i>Veronica serpyllifolia</i>	Thyme-leaved Speedwell
Acanthaceae	
<i>Acanthus spinosus</i>	Spiny Bear's Breach
Orobanchaceae	Broomrape Family
<i>Orobanche rapum-genistea</i>	
<i>Orobanche minor</i>	
<i>Orobanche alba</i>	
<i>Orobanche gracilis</i>	
Plantaginaceae	Plantain Family
<i>Plantago coronopus</i>	Buck's-horn Plantain
<i>Plantago lagopus</i>	
<i>Plantago lanceolata</i>	Ribwort Plantain
<i>Plantago major</i>	Greater Plantain
Caprifoliaceae	
<i>Sambucus nigra</i>	
<i>Sambucus ebulus</i>	
<i>Lonicera xylosteum</i>	
<i>Lonicera periclymenum</i>	
Valerianaceae	Valerian Family
<i>Centranthus calcitrapa</i>	Annual Valerian
<i>Centranthus ruber</i>	Red Valerian
<i>Valeriana officinalis</i>	Common Valerian
<i>Valeriana crinii</i>	
Dipsacaceae	
<i>Morina persica</i>	
<i>Centurea pelia</i>	
<i>Scabiosa crenata</i>	
<i>Knautia integrifolia</i>	
Campanulaceae	
<i>Campanula spathulata</i>	
<i>Campanula rupicola</i>	
<i>Campanula erinis</i>	
<i>Campanula topaliana</i>	
<i>Campanula aizoon</i>

<i>Tragopogon crocifera</i>	
<i>Tragopogon pratensis</i>	
<i>Scorzonera austriaca</i>	
<i>Scorzonera mollis</i>	
<i>Rhagadoilus stellatus</i>	
Nyctaginaceae	Bougainvillea Family
<i>Bougainvillea glabra</i>	Bougainvillea
Polygonaceae	Dock Family
<i>Rumex acetosella</i>	Sheep's Sorrel
<i>Rumex bucephalophorus</i>	
<i>Rumex cyprius</i>	
Monocotyledons	
Alismataceae	
<i>Alisma plantago-aquatica</i>	
Liliaceae	
<i>Allium sphaerocephalon</i>	
<i>Allium atropurpureum</i>	
<i>Allium ampeloprasum</i>	
<i>Ornithogalum umbellatum</i>	
<i>Muscari comosum</i>	
<i>Asparagus acutifolius</i>	
Graminae	Grass Family
<i>Arundo donax</i>	Giant Reed

LATIN NAME	ENGLISH NAME
<i>Aegilops geniculata</i>	
<i>Lamarkia aurea</i>	
<i>Avena sterilis</i>	Winter Wild Oat
<i>Briza maxima</i>	Large Quaking Grass
<i>Bromus sterilis</i>	Sterile Brome
<i>Bromus rubens</i>	
<i>Bromus madritensis</i>	
<i>Bromus tectorum</i>	
<i>Cynodon dactylon</i>	Bermuda Grass
<i>Cynosurus echinatus</i>	Rough Dog's-tail
<i>Hordeum murinum</i>	Wall Barley
<i>Lagurus ovatus</i>	Hare's Tail
<i>Lolium temulentum</i>	Darnel
<i>Gastridium ventricosum</i>	Nit Grass
<i>Digitaria sanguinalis</i>	
<i>Andropogon distachyos</i>	
<i>Setaria viridis</i>	
<i>Melica ciliata</i>	
<i>Stipa pennata</i>	
<i>Phragmites australis</i>	Reed
<i>Poa annua</i>	Annual Meadow-grass
Iridaceae	Iris Family
<i>Gladiolus italicus</i>	Wild Gladiolus
<i>Iris pseudocorus</i>	Yellow Flag
Orchidaceae	Orchid Family
<i>Epipactis helleborine</i>	Broad-leaved Helleborine
<i>Cephalanthera damasonium</i>	White Helleborine
<i>Cephalanthera rubra</i>	Red Helleborine
<i>Neotinea pyramidalis</i>	Pyramidal Orchid

Mammals

Hare, <i>Lepus europaeus</i>	Red Fox, <i>Vulpes vulpes</i>
Wild Cat, <i>Felis silvestris</i>	

Reptiles & Amphibians

Balkan green lizard, <i>Lacerta trilineata</i>	Yellow bellied toad, <i>Bombina variegata</i>
Viviparous lizard, <i>Zootoca vivipara</i>	Blakan Whip Snake, <i>Hierophis gemonensis</i>

Dragonflies

Ornate Bluet, <i>Coenagrion ornatum</i>	Greek Goldenring, <i>Cordulegaster helladica</i>
Azure Damselfly, <i>Coenagrion puella</i>	Beautiful Demoiselle, <i>Calopteryx virgo</i>
Blue-tailed Damselfly, <i>Ischnura elegans</i>	Eastern spectre, <i>Caliaeschna microstigma</i>
Golden-ringed Dragonfly, <i>Cordulegaster boltonii</i>	Keeled Skimmer, <i>Orthetrum coerulescens</i>
Lesser Emperor, <i>Anax parthenope</i>	Migrant Hawker, <i>Aeshna mixta</i>
Red-veined Darter, <i>Sympetrum fonscolombei</i>	Ruddy Darter, <i>Sympetrum sanguineum</i>
Scarlet Dragonfly, <i>Crocothemis erythraea</i>	Southern Emerald Damselfly, <i>Lestes barbarus</i>
Southern Migrant Hawker, <i>Aeshna affinis</i>	Southern Skimmer, <i>Orthetrum brunneum</i>
Turkish Clubtail, <i>Gomphus schneiderii</i>	White-legged Damselfly, <i>Platycnemis pennipes</i>
